WILLIAM T. MECH

SKILLS

HTML   CSS   Javascript   AngularJS   nodeJS   EXPRESS

mongoDB   mongooseJS   Photoshop CC   GIT + GitHub

PROJECTS

PORCHSWING.FM - https://www.youtube.com/watch?v=HDB1ivI4zNg - A full stack (MEAN) music review/concert lookup web app.

- Connected four different API's (Spotify, Songkick, Echo Nest, and my own) to enable the user to look up concerts for their favorite artist, and review the albums. Has a built in spotify player to listen to the album before reviewing.

DEVVIT - http://devvit.herokuapp.com/ - A full MEAN Stack social network for developers.

- Social networking capabilities, and a tool to find other developers to help with projects. Using passport.js for local authentication, and amazon S3 for hosting users image.

RELATIVE EXPERIENCE

July-2012 – Aug-2013   United Parcel Service
Orlando, Florida
   Supervisor

- Maintained high standards for productivity, accuracy, safety, and internal customer service. Kept my work area's productivity numbers in the positive throughout my stay there.
- Provided the leadership and encouragement needed to motivate my employees to work as efficiently as possible.
- Trained and supervised package handlers to ensure that all duties were accomplished safely and timely.

July 2008 – Aug 2013   United Parcel Service
Orlando, Florida
   Package Handler

- Worked as a team by communicating with my co-workers and supervisor to make sure all boxes were loaded at the end of the night.

EDUCATION

Dev Mountain - Provo, UT - Mean Stack Web Development Bootcamp - Aug 2015 - November 2015

Seminole State College - Sanford, FL - AA degree in General Studies - May 2013.
